Astrology offers a unique lens to understand the cycles of your life, revealing the archetypal themes that will shape your next trip around the sun.

Whether you're seeking a quick cosmic boost, a clear map for your year ahead, or deep, ongoing guidance, I've created three potent options to match your needs:

ANGELA FREEBIRD HERE

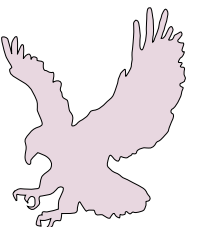

Oh My Pluto – I know a thing or two about transformations.

While they sound all glorious and sexy, the truth is that real uplevels are messy, hard, and often painfully humbling.

AND they are also worth it – every beautifully brutal, magnificently challenging step.

I've come to rely on my astrology chart like a field guide – a way to anticipate the messy middles, mark my cosmic milestones, and remind myself that **even the wildest contradictions have a place.**

And that's what I'm here to offer – a guide through the mess, a witness to your transformation, and a reminder that you're allowed to be all the paradoxes at once, even when they don't make sense.

YEAR OF YOU !

The Structural WHY I designed this support system for transformation

WHY – Three Starpath Sessions to START?

This sets up a deep deep understanding of the archetypes inside that are working together, the ones who are opposed to each other and ways to give them all time to be heard.

WHY– 11 Monthly Astrology Sessions ?

The Transits will continue to make contact with your natal chart and it is incredibly helpful to continue to refer to your solar map- especially tracking what your timelord is doing in the sky!

11 Freebird Cosmic Pep-Talks – YES!

Support to keep you on track between the live in person astrology sessions. These can be used once a month or if it's a tricky time, you might use a few of them back to back to get through a particularly sticky point. I have found that having steady support with my astrologer and my trauma coach has made all the difference in turning the page on some very painful patterns. These also don't need to be live or scheduled way out in front- it's an easy way to get a little Freebird Pep-Talking. [CLICK for MORE](#)

Voxer Days- The Magic of Checking In – SO AWESOME

Accountability is HUGE for making changes. Being seen and supported through your process is how real change happens. You can leave messages anytime. I'll return at least once a week.
EASY- HELPFUL- LOW PRESSURE

F. A. Q.

What if I'm new to astrology?

No problem at all! Archetypal energies are universal, and I'll help you translate the what and where of your chart into clear, potent insights for the year ahead.

What if my birthday has already passed this year?

No problem! Your solar return chart is active for a full year, and we can even dive into next year's chart, depending on when your birthday is.

Can I gift this to someone else?

Yes! Absolutely! These sessions make a meaningful, personal gift for anyone interested in self-discovery and cosmic insight. Just let me know, and I can provide a personalized gift certificate.

What if I need to reschedule a session?

Life happens. Just reach out at least 24 hours in advance, and we'll find a new time that works.

What times are you available?

My schedule is very flexible, and I'll do my best to find a time that works for you. While I don't currently use an online scheduler, I'm just a quick message away, and we can easily find a time that fits your life.

What if I have a specific question I want to focus on?

Perfect! I love it when clients come with specific questions or themes they want to explore. Just let me know what's on your mind, and we can tailor your session accordingly.

F. A. Q.

Do I need to know my birth time?

Yes. An accurate birth time is essential for calculating your ascendant, houses, and timelord, which are key pieces of the work we'll be doing together. If you're not sure of your birth time, it's worth doing a bit of research or checking with family to get as close as possible.

Can I upgrade from Birthday Boost to Starpath Sessions or Year of You?

Yes! If you decide you want more support after your Birthday Boost, you can upgrade to Starpath Sessions or Year of You. Just reach out, and we'll adjust your investment accordingly.

What if I'm not sure which tier is right for me?

Let's talk! I can help you figure out which level of support will best match your goals and where you are in your journey. I also offer a FREE mini reading to get a feel for your chart so you feel comfortable about your investment. (Next page to get to it!)

What is Voxer and why is that part of the Year of You?

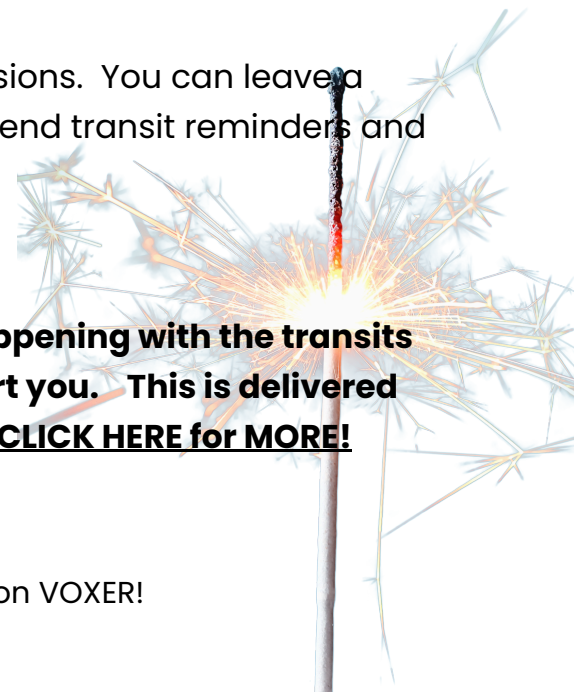

Voxer is a free-to-use voice-messaging app. I use it to provide ongoing support between sessions. You can leave a message from anywhere, doing anything and I'll message you back with some ideas. I'll also send transit reminders and other ideas for support. It's GREAT! A most excellent bridge between sessions.

What are the Freebird Cosmic Pep-Talks?

You can reach out at any point to use one of the 11 Pep-talks for a quick update on what's happening with the transits specifically for you and/or (both if it's helpful) I will pull some Tarot or Oracle cards to support you. This is delivered through VOXER so it's easy to receive without a lot of scheduling or face to face on a screen. [CLICK HERE for MORE!](#)

The Magic of Voxer

Voxer is a free-to-use voice- messaging app.

It's like using the voice message feature on Facebook Messenger or Whatsapp.

HERE'S WHY I LOVE USING VOXER TO SUPPORT MY CLIENTS:

Time to Think, Space to Breathe

Voxer gives us a way to stay connected between live sessions, without the pressure of a scheduled call. You can share what's coming up when it's fresh, and I'll respond when I've had time to reflect with messages you can replay anytime.

Freedom to Move

Easy to connect on the go and no need for a screen. You can check in from the trail, the kitchen, or in my case, the truck camper.

The Replay

You can replay messages anytime – perfect if you get interrupted, miss a detail, or just need to hear it again.

The App is FREE

[CLICK HERE](#) to listen to a message from me, download the app, and send me a message! Let's chat about what's brought you to consider using astrology to uplevel your life.
